CIVIL ENGINEERING & BUILDING CONTRACTORS

## M8-N8 Cullahill to Cashel

### Project Title:

## M8-N8 Cullahill to Cashel

### Contract Type:

NEC3 Option C (Target Contract with Activity Schedule)

### Client:

Kilkenny County Council

### Company Involvement:

The Cullahill to Cashel project is a target price contract awarded by the Kilkenny County Council under the National Development Plan. It was awarded to SRB Civil Engineering Ltd, a JV between Roadbridge and John Sisk & Son in August 2006. Roadbridge has undertaken contract work to the value of €140m as a partner sub-contractor. The project was brought in 7 months ahead of the scheduled completion date.

### Start / End Dates:

November 2006- December 2008

### Contract Value:

€185 Million

### Project Description:

This contract comprises the earthworks, drainage, road construct, accommodation works, fencing and other ancillary works. The road scheme comprises 39.5km of 2-lane motorway together with associated interchanges and local roads. Principle quantities comprised 4,461,000m<sup>3</sup> excavation, 1,300,000m<sup>3</sup> rock excavation and 1,008,000m<sup>2</sup> of road surfacing.
